# What We Do.

Knack is an online marketplace that brings together small businesses across the country, and provides them the scale, technology and visibility necessary to compete in the wedding registry space.

Our technology and their unique items will create a registry experience unlike any other available today.

# How We'll Win.

Let couples create unique registries that showcase their personalities.

- I. Unique gifts from boutique retailers, artists, and artisans — or anywhere else.
- II. Use social collaboration to offer a more personal and engaging registry experience
- III. Convenience, flexibility, and simplified returns

Welcome Family and Friends.

We can't wait for March, and to see all the people we love in one place to celebrate with us. Below is a list of some things we'd love to have in our new home, and also some honeymoon adventures we have planned.

Love, John and Jill

# Problems & Solutions

## The Couple

- Only options are Big box retailers that have no soul
- Unique Items from boutique retailers, artisans and artists
- Already have most of what they need
- Register for travel, charity or just about anything
- Often don't receive the gifts they really want
- No hassle exchanges

# Problems & Solutions

## The Partner

Cannot compete with National Retailers

- Lacks Selection
- Relies on out-dated Technology
- Raising awareness about their offering is expensive
- Unites offerings into a complete catalog
- Level the playing field with top of the line technology
- Allow small businesses to team up to raise awareness

# The Opportunity.

1.5 million

U.S. wedding Registries a year

\$ 10,000

Average wedding registry value

---

\$ 15 Billion

Annual U.S. wedding registry spending

# Monetization.

\$15B Annual U.S. Wedding Registry Spending

6.5% Knack's fee  
(Partners pay 10% on sales, couples pay 5% when they opt for cash. Knack pays the 2% credit card fee)

---

\$ 1 Billion Total annual market opportunity

# Customer Acquisition.

We will achieve capital efficient growth by optimizing referral cycles

With each wedding a large number of guests are referred to Knack.

Partners have incentive to share Knack with their customers.

Users engage with their friends when creating their registry

Users will identify potential partners and refer them to Knack

# User Traction So Far.

Registrants

Facebook Fans

# Partner Acquisition.

- So far, we acquire partners through limited direct sales.
  - Partners see the value we offer, and with no upfront fees, have nothing to lose.
  - We limit administrative overhead by outsourcing data entry.
  - As our Site and Marketing efforts have improved it has become much easier to attract partners
- Long term, a small inside sales force should be able to meet our partner development goals.

# Goals for the next year.

- Product
  - Expand development& design capacity
  - Iterative UX, scale, and supportability improvements
  - Implement the "Social Registry"
- Operations
  - Ramp up support to meet needs of our 2012 users
- Marketing and PR
  - Engage outside consultants to improve marketing and PR efficiency
  - Ramp up Advertising, Social Marketing and PR
- Partner Development
  - Continue direct sales efforts

# The Social Registry

1. Create a rich visual registry board with unique gifts from our partners, or gifts from anywhere on the internet.
2. View the design boards of friends, and taste makers for inspiration.
3. Invite friends to the service to build their own boards and help you with yours.
4. Transition your board into a registry hosted on Knack, we will source the items we can to our small business partners

# Funding.

We are seeking \$450k to fund Knack's next year of operation.

- \$130K Product
  - Full Time Engineer
  - Part Time Designer
  - Hosting and Tools
- \$70K Operations
  - 1 Full Time employee (Admin, Customer, Support, Copyediting)
  - Co-Work Space
  - Legal/Accounting
- \$120K Marketing & PR
  - Marketing Consultant
  - PR Consultant
  - Promotion Budget
- \$130K Founders Salaries
